Reply to Office Action dated 8/27/2004

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 27 August 2004. In the Official Action, the Examiner in his opinion has found seven inventions, namely, Group I directed to Figs. 3-4(d); Group II directed to Fig. 5; Group III directed to Fig. 6; Group IV directed to Fig. 7; Group V directed to Fig. 8; Group IX directed to Fig. 9; and Group X directed to Fig. 10. The Examiner has required Applicant choose one Group for further prosecution in this case.

By this Amendment and Response, Applicant elects Group I directed to Figs. 3-4(d). Applicant believed that Claims 1-8 and 14-15 read on Group I. Still further, Applicant has canceled Claims 11-12 and 17-18 from further prosecution in this case.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
